

Simulating for Equitable Health Outcomes Agenda

Upon full participation and completion of this course, participants will begin to be able to:

- Gain knowledge about healthcare disparity statistics
- Identify harmful biases in healthcare.
- Understand how bias affects the care of patient and their outcomes
- Recognize the importance of creating a safe, brave environment during prebriefing
- Increase educator's comfort level for facilitating simulations with DEI content
- Learn key phrases to use during difficult conversations during the DEI simulation process
- Identify resources at learner's facility that can assist in supporting DEI simulations

Course Agenda

1 Welcome and Introduction	5 Debriefing
2 Pre-course Questionnaire	6 Debriefing Considerations
3 Prebriefing	7 Post-course Questionnaire
4 Equitable Health Scenarios	8 Reflection

Educational Representative Responsibility

Your Laerdal Educational Representative has multiple responsibilities during the Equitable Health Course:

- Help you understand Laerdal Resources.
- Conduct an interactive agenda to optimize your understanding of the Equitable Health training and facilitate discussions about biases and their effects on patients and their outcomes utilizing a safe environment during simulations and debriefing to meet your program goals.
